in partnership with

The Institute of Managers and Leaders Australia and New Zealand has partnered with White Ribbon to present **Leadership Outlook 2019: Creating a safe and respectful workplace**, a national series of practical and thought-provoking workshops that tackle gendered violence as a workplace issue.

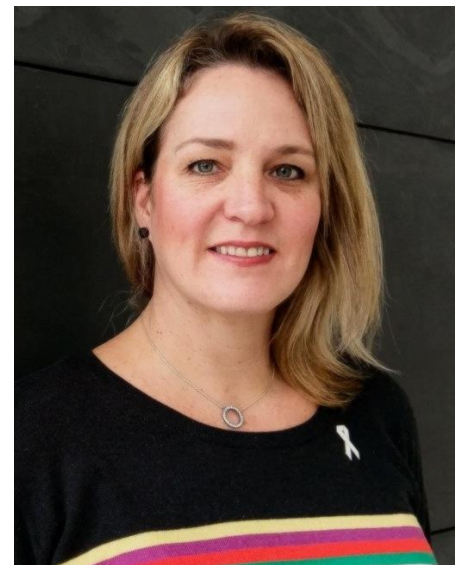

Each Leadership Outlook session will:

- Provide a forum for employers to learn about best practice approaches
- Increase your knowledge and skills in applying a strategic, evidence-based methodology to create a safe and respectful workplace
- Outline strategies that can be implemented to support staff which minimises risk and promotes a supportive culture within the workplace
- Provide overview of resources and tools available to assist in creating a safe and respectful workplace
- Offer a practical case study to work through key learnings from the sessions
